

“Harvard on the Mooooove”

City of Harvard Bike and Pedestrian Plan

Welcome & Introductions

Introduction Questions

1. Name
2. What organization or government entity are you representing?
3. What excites you about this project?

The background of the entire image is a solid mustard yellow color. It is decorated with a repeating pattern of white cows riding black bicycles. The cows are stylized with simple black outlines and are shown in profile, facing right. They are riding standard black bicycles with thin tires and many spokes. The pattern is distributed across the entire frame, with some cows partially cut off by the edges.

What Is A Bike and Pedestrian Plan?

What is Harvard on the Mooooove?

“Harvard on the Mooooove” will identify a complete network of streets throughout Harvard that will benefit from bicycle and pedestrian facilities, making Harvard safe for all who walk, bike, skate, ride and roll.

Enhancing Walkability and Bikeability

Providing Crucial Connections to Schools, Parks, and Stores

Addressing Neighborhood Barriers

Potential Outcomes

Increase Access to Parks

Fill Sidewalk Gaps

Lower Bike Level of Stress

Reduce Crash Severity and Frequency

Increase Multimodality

What Is The Timeline?

Timeline

Data Analysis (now – October)

Collect and examine information about existing active transportation conditions to identify opportunities and necessities.

Community Engagement (now – November)

Create clear lines of communication with the community through meetings, surveys, and events to receive critical feedback for the plan's direction.

Draft Plan (winter 2025)

An initial version of the plan is drafted, with proposed policies, programs, and infrastructure improvements stemming from community input and data analysis.

Final Plan

The completed plan is refined and presented for approval, paving the way for Harvard's bike and pedestrian improvements.

Discussion

1. What are the most important safety concerns for bikes and pedestrians in Harvard that should be addressed?
2. Where do you see Harvard in 5-10 years regarding biking and walking?
3. What outcomes would you view as successful from this plan?
4. Who else should we engage with?

Action Items

How Can You Support this Project?

1. Share the website, along with the public input opportunities!
 - Reshare the City's posts or create your own
2. Help us connect with more people
 - Business leaders
 - Teenagers
3. Partner with us for engagement activities
4. Send us ideas, suggestions, examples

Thank You!
